

Collateral Repair Project – Helping you help refugees in Jordan

**What We Do**

Collateral Repair Project is a grassroots effort to bring much needed assistance to refugees and other victims of war and conflict - those commonly referred to as "collateral damage". We seek to repair some of the damage and, through these efforts, bring about peace and reconciliation.

We are located in Amman, Jordan, a temporary home to hundreds of thousands of Iraqis and Syrian refugees.

CRP is a 501(c)(3) nonprofit organization.
